PATENT & TRADEMARK OFFICE

Docket No.: 1514-00
Confirmation No.: 4918

Dated: April 2, 2003

AMENDMENT

Commissioner for Patents
Washington, DC 20231

Sir:

In response to the Official Action dated October 21, 2002, Applicants amend as follows:

In the Claims (Marked-Up Version)

1. (Twice Amended) A method for examining a pruritic disease to diagnose opioid-based pruritis, comprising the steps of:

measuring concentrations of ~~various types of opioid peptides~~ κ -opioid peptides and at least one of δ -opioid peptides, μ -opioid peptides, and nociceptin in blood cells, body fluid, or tissue, and calculating the ratio of said concentrations ~~to thereby determine whether opioids are involved in the disease~~ of at least one of δ -opioid peptides, μ -opioid peptides, and nociceptin to the concentration of κ -opioid peptides,

comparing said calculated ratio to a corresponding ratio in non-pruritic patients; and
diagnosing opioid-based pruritis where said calculated ratio is greater than said
corresponding ratio.
